My favorite books are all of them, but my favorite one was Darkness of Dragons and Dragonet prophecy because in darkness of dragons there is a lot of adventure and a lot of action and fantasy. The dragonet prohecy because it is the first book of the series and it also shows that glory, my favorite charecter, was not lazy,weak,pathetic. at all, by spitting venom at Scarlet's face, making Glory the most dangerous Wings of Fire charecter besides Peril and probably the strongest too.

Honestly, I was in love by the first one, if I hadn't been, I don't know if I would've read the whole series, but those cliffhangers really get me.. haha. I saw some random kid reading this series when I was in grade 6 and oh boy I'm so glad I did, one of my favorite series by far, and it helps that I love dragons.

The book that really got me into the series was The Dark Secret. I DONT KNOW WHAT IT WAS... But for some reason I reeeeaaaallllyyy liked starflght. But after book 4 I didn't get to know much more about him because he was barely in The Brightest Night, and was a background librarian in Moon Rising.

Honestly, I was a fan BEFORE I read any books. I read the second book first, since my library lost the first one (hehe). I am halfway though Darkness of Dragons and LOOOOOVE it!

I think the second book got me really hooked. I liked the first one, but it didn`t grab my attention too much. But ``The Lost Heir`` was very fascinating! I loved it! My favorite book is probably ``Darkness of Dragons`` though. But, all the Wings of Fire books are so good! ♥

I loved The Dragonet Prophecy, so I continued reading it, but Moon Rising was definitely my favorite. Moon is such an amazing dragon, and I can relate to her.
